Experience

Freelance Screenprinter

Jan.. 2022-Present

I communicate directly with clients in person or through email. I do all screenprinting-related activities including art/graphic design, ordering stock, making stencils, printing, curing, and packaging. I pay close attention to quantities (numbers) and time frames during communication with the client so I can accurately give estimate prices and fulfill orders on time. I focus on precision to make products that I am proud of.

Airbnb: Cleaner

Sept. 2020-Present

This job is highly independent and self-led as I do not work under a manager's direct supervision. This has given me the opportunity to hone my work ethic and greatly strengthen my communication skills. I have learned to be adaptable to last-minute late checkouts and working unexpected extra hours due to highly unkempt guests or last minute bookings.

Maui Jim Inc.: RX Lab Technician

Feb. 2020-May 2020

Through this experience, I learned a lot about showing attention to detail as I cleaned and polished lenses. If my area of work was finished, I was flexible and able to help out other areas of the lab like pulling frames based on an organization system or running short errands around the building.

Great Harvest Bread Co.: Customer Service, Sweets Preparation

Sept. 2015-Feb. 2020

This was my first job, and it taught me a lot about responsibility and multitasking/productivity during very busy rush hours. I also learned a lot about communication and teamwork as many half-completed orders were passed on to a teammate to be finished.
